For Immediate Release:

Water Street Studios Friday Feature: "New Classics" March 5, 2010

During our Friday gallery hours at Water Street Studios we showcase emerging and established artists who wish to reach a local audience, including our members and gallery visitors. For our first Friday Feature of the third month, Water Street Studios will feature its own resident artist, Matthew J. Larson, to present his "New Classics", a DJ session, introducing the produce of his travels in rare beat and ethereal composition. Bringing a selection of records culled from all over the world, New Classics will offer a collective soundtrack to the WSS gallery's Winter Show. Matthew will perform during gallery hours on Friday March 5, 2010. Water Street Studios Gallery hours are Friday 5-9pm, Saturday

10am-6pm, and Sunday 12-4pm.

Information on this Water Street Studios Friday Feature as well as future events can be found online at www.waterstreetstudios.com. Questions or comments may be directed to waterstreetstudios@gmail.com.
